

## Participation Interest Survey – Floor Measurement Standards

BOMA’s Floor Measurement Standards Committee is quickly moving forward on a variety of projects, including the revision of the floor measurement standard for office buildings (ANSI/BOMA Z65.1-2010).

We welcome your participation. Please complete the brief survey below by checking your intended level of involvement going forward. Please check as many as apply.

\_\_\_\_\_ **General Interest Member** (Attend meetings at WBM and the June conference, receive general updates, opportunity to ballot the draft standards.)

\_\_\_\_\_ **Standard Revision Consensus Body** (Check all that apply. Please note that not all of these task forces are currently active and will activate approximately one year before the standard is due for reaccreditation.)

\_\_\_\_\_ **Z65.1 Office Buildings Task Force** (currently meeting for 1 hour every two weeks)

\_\_\_\_\_ **Z65.2 Industrial Buildings Task Force** (work will begin in June 2016)

\_\_\_\_\_ **Z65.3 Gross Area Task Force** (work will begin in the second quarter of 2016)

\_\_\_\_\_ **Z65.4 Multi-Unit Residential Buildings Task Force** (work will begin in 2017)

\_\_\_\_\_ **Z65.5 Retail Buildings Task Force** (work will begin in 2018)

\_\_\_\_\_ **Z65.6 Mixed Use Properties Task Force** (work will begin in 2017)

**Interest Category – ANSI requires that all standards developers maintain a balance of interests. Please select the category that most appropriately describes your interest.**

\_\_\_\_\_ **Producer** – The definition for this term encompasses those interests aligned with at-risk equity ownership of buildings and includes all producers and providers of space (building owners and managers) as well as agents, brokers, floor measurers, appraisers, architects and other designers who work on behalf of building owners and managers.

\_\_\_\_\_ **User** - The definition for this term encompasses those interests aligned with those who use space within an office building including tenants as well as brokers, agents, floor measurers, architects and interior designers and others who are in the contractual employ of tenants.

\_\_\_\_\_ **General Interest** – The definition for this term encompasses all firms and individuals that do not have a direct alignment in the business interests of producers or users. Such firms or individuals may include appraisers, architects and other design professionals, general contractors, design-builders, construction managers, project estimators and government bodies who have a general interest in floor measurement standards for office buildings.
